WILDFIRE SEASON IS HERE
PREPARE YOUR HOUSEHOLD NOW

SDGE
& WILDFIRE SAFETY
In recent years, California experienced some of the most destructive wildfires ever seen. SDG&E® makes every effort to help protect the region against the threat of wildfires. Our highest priority is the safety of our customers, employees and communities, which is why we continue to improve and strengthen our existing equipment and structures.

We don't stop there. If dangerous conditions are present, we may shut off power to keep you and your community safe. This is called a Public Safety Power Shutoff (PSPS). Additional electric enhancements are anticipated to have a 25-30% reduction of customers impacted by PSPS compared to 2019.
WHAT IS A PUBLIC SAFETY POWER SHUTOFF?

SDG&E monitors high fire risk conditions. These include, but are not limited to:

- **HIGH WINDS** (Including Red Flag warnings)
- **LOW HUMIDITY**
- **DRY VEGETATION** that could serve as fuel
- **FIRE THREAT** to electric infrastructure
- **ON-THE-GROUND OBSERVATIONS**
- **PUBLIC SAFETY RISK**

If dangerous conditions are present, we may shut off power as a last resort to keep you and your community safe.

To learn more about Public Safety Power Shutoffs, visit [sdge.com/wildfire-safety](http://sdge.com/wildfire-safety).
## HOW IS A PUBLIC SAFETY POWER SHUTOFF DETERMINED?

### Public Safety Power Shutoff Process

<table>
<thead>
<tr>
<th>7-10 days ahead</th>
<th>3-6 days ahead</th>
<th>3 days ahead</th>
<th>1 day ahead</th>
<th>Day of power shutoff</th>
<th>Power restored</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image1" alt="Lightning bolt and sun" /></td>
<td><img src="image2" alt="Graph" /></td>
<td><img src="image3" alt="Exclamation mark" /></td>
<td><img src="image4" alt="People" /></td>
<td><img src="image5" alt="Lightning bolt" /></td>
<td><img src="image6" alt="Light bulb" /></td>
</tr>
<tr>
<td>When forecasts indicate the potential for adverse weather, SDG&amp;E monitors weather to assess potential impact.</td>
<td>Fire weather forecasts are refined accordingly.</td>
<td>Communication starts with customers affected by a possible Public Safety Power Shutoff including state, county, city, critical customers and medical baseline customers.</td>
<td>Continued monitoring, communications and coordination with first responders and communities impacted by weather conditions.</td>
<td>Notify all affected communities, government and all public agencies that power has been shut off.</td>
<td>Once the weather conditions become safe, SDG&amp;E will start the restoration of power by field crews and sky patrol to make sure there are no damages or potential damages from flying debris to the overhead facilities.</td>
</tr>
</tbody>
</table>

### Timeline of Notifications (when possible)

- **~48 Hours before power is turned off**
- **~24 Hours before power is turned off**
- **~1 Hour before power is turned off**
- **Initiation of the Public Safety Power Shutoff**
- **Activation of Community Resource Centers, if needed**
- **When safety inspections have begun**
- **Once power has been restored**

If we anticipate the power to be off for an extended period, we may open Community Resource Centers and/or Information Centers in affected areas.
KNOW WHERE TO GO DURING AN EXTENDED OUTAGE.

A Public Safety Power Shutoff can last until fire risk conditions are no longer a threat.

We may open any of our Community Resource Centers in affected areas.

These facilities serve as locations where impacted residents can go to get preparedness materials, ice, water, snacks, car power inverters, small solar-powered batteries and radios, and get up-to-date information on outages.

For a complete list of Community Resource Centers, including facility names and addresses, visit sdge.com/resource-centers.
STAY SAFE. TAKE ACTION.

Think smart. Don’t leave your safety to chance. Take steps to prepare for any emergency now.

Develop an emergency plan
Identify a place to meet with family, safe routes and shelters, as well as what actions you will take. Discuss and practice the plan with your family, including your children.

Prepare an emergency kit
Keep the essentials on hand. Make sure your kit is stocked with items you and your family need, including for your pets, seniors and those with a disability. Store them in easy-to-carry containers such as backpacks or plastic crates. See enclosed checklist.

Download our PSPS app, “Alerts by SDG&E”
Stay informed about Public Safety Power Shutoffs (PSPS) before, during and after these events are called. Visit sdge.com/pspapp to download the app or learn more.

Whatever the circumstances, we’ll make every effort to communicate with you.

Update contact information
Go to sdge.com/MyAccount. Click on “Manage Your Contact Info” and update your contact information, including email address.

Sign up for outage notifications
Stay in the know so we can help keep you safe. This process is for PSPS as well, not just wildfire. Start by making sure contact information is up to date. Visit sdge.com/notifications.
**BE PREPARED. CREATE A DEFENSIBLE SPACE.**

Minimize your home’s exposure to risk by modifying the vegetation space around it to resist a wildfire.

<table>
<thead>
<tr>
<th>ZONE 1</th>
<th>ZONE 2</th>
<th>ZONE 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>The area nearest your home should be well spaced and contain low-growing and fire-resistant plants such as turf grass, vegetable gardens, flower beds or ones recommended by your local nursery.</td>
<td>Low-growing ground covers that support fire resilience and are low in fuel volume are recommended in this zone. Talk to a grower about which plants will work for your defensible space.</td>
<td>Check with environmental regulatory agencies before modifying native vegetation that might include endangered species and habitats.</td>
</tr>
<tr>
<td><strong>30 - 50 ft.</strong> San Diego County requires 50 feet of clearance in Zone 1.</td>
<td><strong>100 ft.</strong></td>
<td><strong>Beyond 100 ft.</strong></td>
</tr>
<tr>
<td>California requires 100 feet of defensible space around your property.</td>
<td></td>
<td>Undisturbed vegetation</td>
</tr>

HAVE AN EMERGENCY KIT READY

In an emergency, you may only have a moment’s notice to evacuate. Here are some suggested items to consider.

<table>
<thead>
<tr>
<th>YOUR PACKING LIST</th>
<th>ITEMS FOR SENIORS AND PEOPLE WITH DISABILITIES</th>
</tr>
</thead>
<tbody>
<tr>
<td>□ Three-day supply of bottled water (one gallon per person per day)</td>
<td>□ Medical equipment (including batteries and chargers)</td>
</tr>
<tr>
<td>□ First aid kit, essential medicines and eyeglasses</td>
<td>□ Prescriptions</td>
</tr>
<tr>
<td>□ Three-day supply of packaged, dried and canned food</td>
<td>□ List of medical, pharmacy and medical device supply providers, including phone numbers</td>
</tr>
<tr>
<td>□ Manual can opener</td>
<td>□ Copies of prescriptions, doctors’ orders and serial numbers of medical devices</td>
</tr>
<tr>
<td>□ Pet food and pet carrier</td>
<td>□ Extra eyeglasses and hearing aids (include extra batteries)</td>
</tr>
<tr>
<td>□ Portable radio and flashlights with spare batteries in waterproof bags</td>
<td>□ Medical alert tags or bracelets or written description of your disability and/or needs if you’re unable to describe the situation in an emergency</td>
</tr>
<tr>
<td>□ An extra set of car keys, cash and credit cards</td>
<td>□ Assistive technology and/or communication tools</td>
</tr>
<tr>
<td>□ Special items for infants</td>
<td>□ Accessible housing</td>
</tr>
<tr>
<td>□ Cell phone with chargers and backup battery</td>
<td>□ Service animal</td>
</tr>
<tr>
<td>□ Whistle to signal for help</td>
<td></td>
</tr>
<tr>
<td>□ Overnight bag of clothes and toiletries</td>
<td></td>
</tr>
<tr>
<td>□ Facial mask</td>
<td></td>
</tr>
<tr>
<td>□ Hand sanitizer</td>
<td></td>
</tr>
<tr>
<td>□ Fire extinguisher</td>
<td></td>
</tr>
<tr>
<td>□ Important documents</td>
<td></td>
</tr>
</tbody>
