

Multiple Species Conservation Program Workshop

Please join us for an in-person meeting and event highlighting the Multiple Species Conservation Program (MSCP).

Local, state and federal partners will present updates on 2023 accomplishments for the MSCP in habitat protection and restoration, and management and monitoring efforts.

When:
Friday, November 22, 2024
9 a.m. – 12 p.m.

Where:
Lakeside Community Center
9841 Vine St.
Lakeside, CA 92040

From 1 – 2 p.m., enjoy a guided hike through Lakeside Linkage Preserve to view habitat restoration projects benefitting the coastal cactus wren.

We encourage you to register for the workshop by using this link:
